THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

National Intelligence Council

NIC #8589-83
29 November 1983

MEMORANDUM FOR: See Distribution

FROM : [redacted] 25X1
Assistant NIO for General Purpose Forces

SUBJECT : Military Analytic Exchanges [redacted] 25X1

REFERENCE : NIO/GPF Memo, Same Subject, NIC #3907-83, dtd. 27 May 83 [redacted] 25X1

1. The press of business, personnel turbulence and recent events have combined to preclude scheduling of our second Military Analytical Exchange in early fall. It is likely that this situation will persist, but since most attendees of the first meeting agreed that it was an informative undertaking, this office will schedule another exchange on Wednesday, 21 December at 1300 hours in room 7E62, CIA Headquarters Building. [redacted] 25X1

2. The format of the meeting will be similar to the original, short presentations followed by general discussions on a few selected topics. Our original session dealt with the NIO/GPF production program, the new Soviet Army corps structure, and a LAMM status report. It would be appropriate to address either a naval or an air force subject this round along with another topic of general interest and the production status report. [redacted] 25X1

3. In addition to confirming the date for the next program, addressees are requested to respond [redacted] by COB 9 December with suggested presentations. We are also interested in the production programs of other organizations. [redacted] 25X1
